MODUS VIVENDI & AWARENESS

XRDS has a zero tolerance for sexism, racism, fascism, harassment, violence, transphobia, homophobia or other hatefulness. We strive for an open minded attitude towards all genders, origins, religions and races.

XRDS wants to offer a safe space to each and everyone that visits its grounds. Respect each other and aim to always live together in harmony.

If you experience or witness any unwanted behavior, please address this to our awareness team members or head over to the Awareness booth on the festival terrain.

THANKS TO PAYCONIQ
BY BANCONTACT

Payconiq values local ecosystems. Thanks to topping up with Payconiq we can provide this lovely local grown and short-chain-supply free fruits by “La Ruche Qui Dit Oui / Boeren en Buren” to you.

Boeren & Buren is a network that brings together local producers and consumers. Through the innovative website, consumers can buy directly from local farmers. As a «Neighbor,» you can order what and when you want. Once a week, you can then pick up your order at a fixed location called the «Buurderij.» This location can be a library, school, cultural center, or even a hospital.

Farmers set their own prices and are located an average of 19 km from the buurderij. By knowing in advance exactly how much they need to bring each week, they avoid having excess food after the harvest. Furthermore, everything is prepared the day before or on the same day of the Buurderij, ensuring the freshest products possible.

FAQ

- 1** Protect your ears! Free earplugs can be found at the Awareness booth and at every bar on site.
- 2** Need to store your belongings? Lockers are situated right at the entrance.
- 3** XRDS works with a reusable cup and recycle system. Every cup or disposable item has a warranty. Be sure to recycle it at the bar, to get a refund. More info can be found at the different bars on site.
- 4** Medical emergency? Head over to First Aid at the entrance.
- 5** Lost something? Mail to info@xrds.be and we'll try to find your belongings.

ECOLOGY

The Vijverspark is a precious place. A rare green lung amid the hustle and bustle of Brussels' big city life. In 2022, Brussels parks hosted no fewer than 637 events, an indicator of the intense demand for outdoor festivities within the city.

More than ever the question arises how we can make parks and outdoor festivities live together?

THIS YEAR WE ARE INVOLVING A DEDICATED ECO MANAGER FOR THE VERY FIRST TIME.

As a first important step we will be assessing our ecological footprint and analyzing in detail how we operate our festival. We will be looking at what we're doing well but more importantly, looking at what can be done better. With this knowledge we will work out a detailed short and long term roadmap towards better protecting the Vijverspark and towards drastically reducing our carbon footprint next year.

We will be posting detailed reports and updates after the festival and as we work towards a greener XRDS24.

INITIATIVES IMPLEMENTED THIS YEAR:

- **Budget allocation:** a dedicated budget for developing sustainable initiatives.
- **Involve an Eco-Manager:**
To ensure our sustainability efforts are coordinated and continuously improved, we involve a dedicated freelance Ecology Manager.
- **Partnership with 'A Greener Future':**
This organization will support us in conducting an Environmental Impact Assessment (EIA).
- **Site Assessments:** We will carefully manage and assess the condition of the site before, during, and after the festival. This will help us understand and mitigate the festival's impact on the park and take the appropriate measures in the years to follow. We have adjusted this year's ground plans already in order to protect the most vulnerable zones.
- **Reduce paper waste and consumables:**
We're not printing drinking vouchers anymore nor do we print festival guides. Terrain signage is designed in a neutral way so that it can be reused multiple years.
- **Waste management:** we've implemented a waste management system so that we can sort and process waste better.

OUR GOALS FOR NEXT YEAR:

- Offering an XRDS campsite.
- Further develop our ecological ambitions and reduce our environmental impact
- Further develop our chill-out options and introduce more artistic and architectural interventions on the festival terrain.

XRDS WOULDN'T BE POSSIBLE WITHOUT THE SUPPORT OF OUR LOYAL PARTNERS
